

2018-19 Service Summary

We are here for one reason: Help you maximize your free time by “Having Fun on the Water”. Our commitment to you is to always make boating easy, affordable and safe at Gage! Our professionals are trained to fix virtually any boating problem that may arise. There is a reason we have been around since 1873. Find out what it is like to be taken care of by the best!

OPTION #1 – Gage Total Service Plan Mechanical AND Cosmetic – “Do it all”

After years of people asking us to “Just do it & make it right”, we came up with an easy solution designed for those who appreciate preventative care. We eliminate the guesswork and minimize the chances of delays in the spring and breakdowns in the summer. We review your boat service history and treat her like she was our own. **The following services will be performed: Storage, Winterization, Spring Commissioning, All Purpose Detail and any other routine maintenance, hull care or repairs that require less than \$1390 in labor.** We will only contact you with estimates for major repairs. (Pricing varies per boat; pricing can be found below according to your boat/engine type)

OPTION #2 – Gage Total Service Plan MECHANICAL ONLY – “Service made simple”

Same as Option #1 only we do not perform any hull care (detail package, fiberglass repair etc.) **The following services will be performed: Storage, Winterization, Standard Spring Commissioning, and any other routine maintenance or mechanical repairs that require less than \$1390 in labor.** We will only contact you with estimates for major repairs. (Pricing varies per boat; service/storage prices listed below)

OPTION #3 – Ala Carte Services

A) Storage Service (Gage Storage Service includes up to \$800 in “value added” services)

- Haul out in the fall and launch in the spring - no charge. (\$100-300 value) ***does not include pick up and delivery**
- Pressure washing of normal algae growth from hull. (\$95 for non-storage boats)
- Trailer or cradle storage for the summer season. (\$150 value)
- Hull inspection and assessment of service to be performed in the off-season. (\$100-200 value)
- Light Cleaning of your boat before delivery in spring. (\$150 value)

Indoor Winter Boat Storage **Remove ALL wet gear prior to storing boat. Stow ALL gear away from engine compartment**
There will be a fee for removing gear not stowed in order to complete mechanical work

PWC - \$569	18' - \$992	20' - \$1099	22' - \$1218	24' - \$1347	26' - \$1542
17' & Under - \$910	19' - \$1045	21' - \$1159	23' - \$1293	25' - \$1433	27' - \$1649
	28' - \$1984	29' - \$2090	30' - \$2271		

Boats 31' and over in length are \$7.70/square ft. All Boats 9' wide and over may have additional charges.

Pick-up/Delivery

\$140/Hour by land or water. **Boats without a key or a non-functioning lift/hoist will have an additional service charge.**

Boat Haul Out/Launch Fees (Free for storage customers)

Haul out using ramp \$ 3/ft Haul out boat using Travel Lift \$ 6/ft Haul out at other lakes +launch & ramp fees

B) Fall Engine, Winterize and Transmission Services (parts/materials are additional)

Annual Engine Winterization Inboard or I/O (parts and anti-freeze addt'l)

- Visually inspect & run to check for abnormal conditions
- Check all fluids for contamination and proper levels – adjust if necessary
- “Fog” engine with lubricant to protect internal parts and prevent rust & corrosion
- Flush anti-freeze through inaccessible parts of the engine as further protection
- Add fuel stabilizer as added protection • Test & disconnect battery • Inspect propeller for damage

Annual Stern Drive Inspection & Service (mandatory for all Stern Drive boats that store at Gage Marine)

\$187

- Remove & inspect stern drive for any wear & tear and possible leaks
- Inspect bellows, boots, hoses and components for defects
- Lubricate gimbal bearing, u-joints and shift cable. Grease all fittings to prevent unnecessary damage
- Check engine alignment per manufacturers' specifications
- Reinstall stern drive with new mounting gaskets and o-rings

Annual Inboard Drive Shaft / Engine alignment Inspection (recommended annually)

\$187

- Remove boat components to access drive shaft
 - Inspect alignment, strut and strut bushing, tighten coupler bolts and re-install components
- Note: If shaft must be realigned it is billed hourly.

Bi-Annual Stern Drive Gear Lube Service (additional to Annual Stern Drive Inspection)

\$105

- Drain gear case of old fluid, properly dispose & refill with factory gear lube
- Vacuum and pressure test seals of upper and lower gear gases
- Clean water intakes & inspect zinc anodes – replace as necessary
- Remove prop from shaft, check for fishing line that could cause leaks and grease shaft

Outboard Motor Winterization • Under 40 hp \$139 • 40HP or larger \$199 • **PWC Winterization** \$139

C) Other Winterize Services (parts and materials additional)

Pump Head	\$45	Ballast (per tank)	\$55	Sailboat Step/De-step	\$8/ft. length
Winterize Head System	\$55	Live well (per tank)	\$35	Remove Sail/Rigging	\$T&M
Winterize Cold Water System	\$105	Generator	\$139	Hot/Cold Water System	\$139
		Air Conditioner	\$139	Ice Maker	\$40

Prop Repair: Remove and Re-Install \$65 + Prop repair charges

D) Winter Acid Cleaning & Shrink Wrap (materials additional)

Pressure Wash (free for storage customers) \$95

Acid Cleaning - This is an important step in the care of boats and must done before other hull maintenance.
(All storage boats will be pressure washed & acid cleaned unless specifically instructed not to do so)

- Standard Acid Clean (typically boats kept in the water) \$15.95/ft
- Light Acid Clean (typically boats on lifts, hoists or kept out of water) \$10.95/ft

Shrink Wrap • Boats under 9' wide: \$15.95/ft (frame work add'l) • Boats over 9' wide and Pontoons - quote

E) Annual Hull Care & Detailing (materials additional)

We have unique in-house capabilities for structural fiberglass repair, welding, woodwork, varnish, two-part epoxy painting, gel coat and professional compound buffing to make your boat look like new. Wood boats and sailboats typically get estimated, fiberglass boats as noted:
